Motorised truss system pre-installed for lighting on stage.

We provide entire XR services with Unreal Engine and Optitrack real time camera tracking.

We are fully equipped for mockup shootings as well.

We can take part in content development up from stock modification to sets built from scratch.

We are the market leaders in commercial virtual productions in hungary, so we can service you with experience!

Partner: QMB LED

KRAFT WORKSHOP

SET CONSTRUCTION

We operate a separate workshop with our full time craftsmen team. They can make almost any set designer's dream come true. We like to collaborate on set construction from the earliest time possible with your production.

We know that working on a tight schedule is a day to day challenge in this field so we are not only flexible but fast as well!

WHY TO CHOOSE US?

We are a one-stop-shop for almost all technical services that you need for your shooting. We provide high end equipment, stages, set constucion, LED services from one hand!

This way we can provide a nice package deal and you save on transportation and overtime hours as well!

We operate 24/7 in our warehouse!

We are the greenest studio company in Budapest running with 202KW solar power installed. We provide electricity at the best price in town!

BROADCAST STREAMING

We have an extensive experience in providing multi camera broadcasts from 4 to 12 units with full control.

We can also build on set control rooms with talkback, RCP, tally options.

We performed numerous live TV shows and concerts with success.

We also have 33 units of HD PTZ cameras operating in reality series like "The Bar".

BROADCAST

KRAFT RENTAL

SPECIAL CAMERA MOVEMENTS

We are dedicated to learn and develop new ways of high end shooting applications.

That is why our team is expert on working with our:

- ETV (Electric Tracking Vehicle) - developed exclusively with our team
- Moviebird technocranes (24 / 45 / 52 feet)
- Motocrane Radical (Heavy Duty set)
- Polaris Ranger electric - cinestar modified
- Underwater shooting with Scubacam

KRAFT RENTAL

KRAFT RENTAL

WE BELIVE IN GREEN PRODUCTION!

All of our stages are running mainly on solar power, which makes us the greenest studio in Budapest!

We are dedicated to add at least 1 pure electric truck to our fleet every year.

Production waste is managed sustainably.

KRAFT RENTAL
